City Hall Notes

Albert Lehman and Ira Smith, street commissioner and water commissioner, respectively, have been so busy on the streets that they will put in their entire time overlooking work that is going on in the streets it seems certain that these city officials will be kept in the open for the rest of the summer.

Dory Rolls when asked this morning if he intended to sue the Baltimore and Ohio railroad on account of that company putting his relatives off the train at Point Marion on account of the Pennsylvania state quarantine said "Nope, what's the use to sue such a big concern, my great grandchildren

will be using baldness preventative by the time the thing would be settled."

It has at last been discovered that Mose is helping the flood sufferers at Cabin Creek and will come to Fairmont as soon as that work is completed.

Mayor Anthony Bowen and the three commissioners, City Clerk Kern, the city engineers and David Dean, all heads of departments are the only lucky ones in the city hall. They are never given a vacation. All members of the police and fire departments get regular vacations with pay but as for the men higher up—no such misery.

18 Year Old Youths May Now Join Army

Parents or guardians of youngsters patriotic will no longer have any say as to whether their charges can be allowed to join the army or navy. Young men under 18 are absolutely barred from service and those over that age are permitted to become soldiers without the signature of their parents.

This ruling has been made since the National Defense act became effective. The order sent broadcast reads as follows:

"Minors over age of eighteen years may be enlisted in national guard without consent of parents or guardians, regardless of any state law which is in conflict with the enlistment provisions of the National Defense Act. No person under eighteen years shall be enlisted in the national guard either with or without consent of parents or guardians."
